Amy McCellon
to me

Bills from:

Boon Calk Echols Coleman & Goolsby, PLLC
\$132.48

Terminix
\$189.97

Etex
\$320.23
(I think last month bill got lost in the shuffle)

Water I can't find a new one

Upshur Rural Electric I have never seen a bill for them. She thinks it could be auto drafted on credit card. When I get her a phone I can have her call them to see.

Kathy was wondering if her debit cards works? Does she have one? Can she write checks each month for the water, electric, Etex and let me drop them off? Is all her banking fixed? Does she have money that is supposed to be deposited is it being deposited? She is worried over all the attorneys. Are they or any of them working on her case? Does she need to find another one? Have her taxes for 2024 been filled?

I am going to get her a phone tomorrow (Tuesday). I will send you the number once I get it. She asked me tons of questions for you today and I hope I have not forgotten anything.

She seems to be doing well. Therapy was going to evaluate her this afternoon. Which is good news. She also asked to go with the group on Thursday to the YAMBOREE!!! How great is that!!! I was so excited for her and told her I would bring her some cash. She said I want a funnel cake! She is going to be able to watch both parades. They pass right in front her her building! Her want to get up and go out and do something wow! She took a shower today and they said she did great!

Thanks for everything you are doing from a distance. I'm sure it's not easy.

Amy
