**Prepared:** November 1, 2025, 3:28 AM PT

**Prepared By:** PROJECT HYDRA Evidence Synthesis

**Status:**  COMPLETE - PENDING ATTORNEY REVIEW

**Purpose:** Attorney-ready evidence compendium for TRO motion and settlement negotiations

---

## PACKAGE CONTENTS

This directory contains five structured exhibits documenting Chase Bank's 50-day obstruction of a valid Power of Attorney and the resulting harm to Kathy Hart, a 77-year-old vulnerable elder.

### EXHIBIT A: Chronological Obstruction Timeline

**File:** [01\\_OBSTRUCTION\\_TIMELINE\\_EXHIBIT\\_A.md](#)

**Purpose:** Detailed day-by-day timeline of Chase's obstruction from August 14 - October 3, 2025

**Key Evidence:**

- Chris Salinas' August 27 account freeze based on "discomfort"
- Denise's September 13 admission (4 times) that "no policy exists"
- Stanley Chen's September 27 revelation that system shows zero documentation of review
- September 16 formal legal notice → 10-day willful inaction → September 26 capitulation
- Four documented obstruction patterns: Procedural Stonewalling, Blame Shifting, Victim Investigation, Policy Obfuscation

**Strategic Value:** Establishes timeline for damages calculation and proves pattern of systematic bad faith.

---

## EXHIBIT B: Bad Faith Evidence

**File:** 02\_BAD\_FAITH\_EVIDENCE\_EXHIBIT\_B.md

**Purpose:** Proof of willful misconduct after September 16, 2025 formal notice

**Key Evidence:**

- September 16 email to Chase Executive Office, General Counsel, and Leatha Goldstein containing recorded authorization, medical impossibility documentation, and TRO threat
- 10-day period of willful inaction (September 16-26) despite having all necessary proof
- Contradictory rejection letters (September 9) vs. employee admissions of "no policy"
- Leatha Goldstein's false statement about September 23 call (Kathy denies this occurred)
- Six indicators of bad faith conduct proving recklessness, oppression, and malice

**Strategic Value:** Supports punitive damages under California Welfare & Institutions Code §15657 (treble damages for elder financial abuse).

---

## EXHIBIT C: ADA Violation Evidence

**File:** 03\_ADA\_VIOLATION\_EXHIBIT\_C.md

**Purpose:** Documentation of Americans with Disabilities Act violations

**Key Evidence:**

- Kathy's post-surgical bedridden status (medically impossible to visit bank)
- Five separate instances where Chase was notified of medical impossibility
- September 15 recorded accommodation request (Kathy's own voice)
- 30-day refusal to provide reasonable accommodation despite multiple alternatives
- Complete failure to engage in interactive process

**Strategic Value:**

- Strongest legal claim (strict liability, no need to prove intent)
  - Federal jurisdiction → broader venue options
  - Mandatory attorney fees → attractive for contingency representation
  - Sympathetic facts → 77-year-old post-surgical elder denied accommodation
- 

## EXHIBIT D: Fraud Ledger Template

**File:** 04\_FRAUD\_LEDGER\_TEMPLATE\_EXHIBIT\_D.csv

**Purpose:** Template for documenting unauthorized transactions during obstruction period

**Structure:** CSV with columns for Date, Merchant, Amount, Account, Suspected Perpetrator, Evidence Source, Notes

**Pending Action:**

- Extract transactions from 8 bank statement PDFs (in [/chase-bank-statements/](#) directory)
- Categorize by perpetrator (Lesley Johnson, Kim Salerno, fraud caretaker)
- Calculate total unauthorized amount during August 15 - September 26 obstruction period
- Add to \$12,100 Regulation E disputed transfer for total financial harm

**Strategic Value:** Proves causation - Chase's obstruction directly enabled these losses. Each transaction after August 27 occurred BECAUSE Eric was blocked from protective action.

---

## EXHIBIT E: Kathy Hart Sworn Declaration (DRAFT)

**File:** [05\\_KATHY\\_HART\\_SWORN\\_DECLARATION\\_DRAFT.md](#)

**Purpose:** Sworn statement from principal establishing key facts

**Key Statements:**

- Confirmation of POA execution and authorization (August 4, 2025)
- Verification of August 14 in-person bank visit with both parties present
- Description of post-surgical bedridden condition (medical impossibility)
- Affirmation of September 15 recorded authorization
- **DENIAL of September 23 phone call** (contradicts Leatha Goldstein's claim)
- **DENIAL of authorizing \$12,100 transfer**
- Description of unauthorized transaction categories (DoorDash, Amazon, ATM withdrawals, electronic transfers)
- Statement of emotional distress and ongoing harm

**Pending Action:**

- Send to Logan Hughes (Kathy's attorney) for review
- Complete placeholders (surgery date, facility name, exact quotes from Sept 15 recording)
- Arrange notarization
- Obtain signed original

**Strategic Value:**

- Destroys Chase's "protecting the principal" defense
- Proves ADA violation (medical impossibility)

- Contradicts Leatha's false statement (strengthens bad faith case)
- Supports all damage claims (compensatory + punitive + emotional distress)

---

## DAMAGE CALCULATION

### Compensatory Damages

#### Eric Jones' Extended Stay:

- Planned: 5 days in Texas
- Actual: ~25 days (20 additional days)
- Cost: \$150-250/day × 20 days = **\$3,000-\$5,000**

#### Kathy Hart's Losses to Elder Abusers:

- Unauthorized transactions August 15 - September 26 (43 days)
- **Amount TBD** - awaiting fraud ledger completion
- Conservative estimate: **\$10,000-\$30,000**

#### **\$12,100 Unauthorized Transfer (Regulation E):**

- Transfer date: September 23, 2025
- Kathy denies authorization
- Chase missed 10-day deadline: **\$12,100** (if not returned)

#### **Emotional Distress:**

- Kathy's anxiety, fear, feeling "paralyzed"
- Eric's stress from inability to fulfill POA duties
- Conservative: **\$15,000-\$25,000**

#### **Regulation E Statutory Damages:**

- Mandatory: **\$100-\$1,000**

#### **TOTAL COMPENSATORY: \$40,000-\$75,000**

#### Punitive Damages (California Elder Abuse - Treble)

##### **Under Cal. Welf. & Inst. Code §15657:**

- If compensatory = \$40K → Punitive = \$80K → **Total \$120K**
- If compensatory = \$75K → Punitive = \$150K → **Total \$225K**

#### Attorney Fees (Mandatory)

##### **Estimated lodestar method:**

- 50-80 hours attorney work
- \$400-600/hour rate
- **\$20,000-\$48,000 in fees**

#### Settlement Range

**Conservative:** \$75,000-\$100,000

**Moderate:** \$125,000-\$175,000

**Aggressive (with TRO filing):** \$200,000-\$250,000

# STRATEGIC ANALYSIS

## Leverage Points for Settlement

### 1. Multi-Front Pressure

- Criminal: Texas APS investigation of Lesley, Kim, caretaker
- Regulatory: OCC (CS0397122), CFPB (250911-24011055), FinCEN escalations
- Civil: TRO motion + federal lawsuit threat

### 2. Strict Liability Claims

- Regulation E: Missed 10-day deadline (October 14, 2025) = automatic violation
- Texas §751.212: Wrongful POA refusal = mandatory fees
- No need to prove intent on these claims

### 3. Mandatory Fee-Shifting

- All five claims include attorney fee provisions
- Chase pays plaintiff's fees even on settlement
- Makes contingency representation highly attractive

### 4. Punitive Damages Threat

- California elder abuse allows treble damages
- Willful conduct after September 16 notice = clear and convincing evidence
- Risk of 2-3x damages at trial motivates settlement

### 5. Public Relations Risk

- "Bank Blocks POA, Enables Elder Abuse" = toxic headline
- Sympathetic plaintiff (77-year-old post-surgical)
- Federal ADA violation = DOJ scrutiny risk

### 6. Discovery Risk

- Internal Chase communications will show:
  - Chris Salinas' "discomfort" had no legal basis
  - No documentation of purported "review process"
  - Coordination between employees on stonewalling tactics
- Chase will want to avoid discovery

## Recommended Litigation Strategy

### Phase 1 (November 2025): Evidence Completion

- Complete fraud ledger from bank statements (AI automation)
- Obtain Kathy's notarized declaration via Logan Hughes
- Scan September 9 rejection letters
- Organize evidence package for attorney

### Phase 2 (January 2026): Attorney Consultations

- Interview 3 contingency attorneys (elder abuse + banking specialists)
- Provide complete evidence package
- Get case valuation and strategy recommendations
- Select attorney and sign retainer

### Phase 3 (February 2026): Settlement Demand

- Attorney sends formal demand letter: \$150,000-\$200,000
- 30-day deadline for response
- Include all five exhibits as evidence
- Threat: File TRO in federal court if no response

### Phase 4 (March 2026): Execute Decision

- **If Chase settles:** Negotiate down to \$100K-\$150K range
- **If Chase refuses:** File TRO motion in federal court
- **If TRO granted:** Settlement negotiation from position of strength

**Timeline to Resolution:** 3-6 months (by June 2026)

The evidence is overwhelming. The law is clear. The damages are quantifiable. The leverage is substantial.
