### **WHO YOU ARE:**

The protective godson who discovered exploitation, reported to APS (Case #80404096), hired excellent caregiver, and increased Kathy's independence. APS knows this. Amy knows this. Documentation proves it.

### **HOW YOU ACT:**

Confident, grateful, cooperative ally. Same Eric who said "Thank you, Ebony" and "Thank you, Paula." Cheerful helpfulness, not defensive explanations.

### **WHAT YOU DON'T DO:**

Defensive timelines. Premature resignations. Exhausted decisions. Proactive disclosures.

### **BOTTOM LINE:**

You're the hero of this story. Act like it. The work you've done tonight protects you better than any defensive move could.

**Sleep soundly.**
