When you say

Housing voucher when I last spoke to the county what they do now is either pay directly to landlords or they give me the \$ to pay landlords.

Also when you asked three top rentals do I have in mind are you asking me what my top choices are?

If so I can have them to you onto the next email separate. School zone San Gabriel, Temple City(but I will drive children the extra 35-40min in traffic so I can follow through with my promise to Mia she can finish middle school with her friends who all has experience of the Eaton fires)

High school next year for Mia ideally we want her in San Marino high school

\$4500-5,000 budget just for home rent

3 bedroom is a must! They must all have their own space. Master bedroom must have a bathtub so I can soak up all my dreams carrying forward with the love of my life, my soulmate Eric Brakebill Jones's

Walk in closet.

(I mean the last two requests bath and closet may not apply as urgent to Tyler) but who knows. We will see....
