Nuha,

Yes, call Tyler now. Here's exactly what to say:

- **Case note:** Please add a note that we initiated an LA CSS child support case today to support housing stability.
- **Evidence:** Father's pay stubs are on file; reference them in the note.
- **Written confirmation:** Please email confirmation that the note is added and provide a brief verification suitable for landlords.
- **Scope:** This is documentation only; no monitoring or testing is requested or triggered.

What I'm doing today

- **Verification:** Emailing Tyler a one-paragraph confirmation and requesting her case-note receipt.
- **CSS intake:** Submitting with pay stubs attached.
- **Housing packet:** Compiling CSS initiated + pay evidence + TRO page + your preferences.
- **Listings:** Filtering 3-bed options at \$4,500–\$5,000 in San Gabriel/Temple City and San Marino-adjacent; first vetted list going out this afternoon; prioritizing immediate move-in.

What I need from you now

- **Top choices:** Send your top three addresses/links to prioritize applications.
- **Requirements:** Confirm if master bathtub and/or walk-in closet are must-have this month or strong preferences.
- **Move-out:** Is Sunday a hard deadline? I can draft a simple written notice for Kevin if needed.
- **Status text:** After your call, text me when Tyler confirms the case note.

Goal for Sunday

- **Outcome:** Secure approval and keys before Sunday. I'll push same-day showings or remote approvals and update you as they land.

I'm moving now. Call Tyler with the script above, then send your top three.

—Eric
