Fahad ask me I told him when you were here when fires happened your back was hurting and I gave you one , I guess he didnt take it

Understood it's exactly what I told my dad

Yesterday 5:14 PM

Nuha knows I sell you stuff? I beg of you do not tell anyone!! I am giving you what I owe you and then I am done!!!

How I never said anything

Nuha just threw it in my face

Do not say anything to her then she will know I am

She is crazy and losing her mind

Well I am main enemy, all faults of everyone is because of me!!😢

So am I. She blames for everything
