To the Consumer Protection Division:

I am reporting an act of Unauthorized Practice of Law (UPL) and consumer fraud committed by Fahed Sayegh.

Mr. Sayegh is currently facing State Bar charges (Case SBC-24-O-30088) regarding his license status. Despite this, on **January 6, 2026**, he issued formal legal demands ("Litigation Hold") to me, a consumer, explicitly claiming to act "on behalf of counsel."

This creates a fraudulent impression of legal authority used to intimidate a consumer. Attached is the communication in question. I request an immediate investigation into this fraudulent misrepresentation.
