Nuha,

This is to notify you that Jordan is experiencing acute knee pain that began yesterday following extended scooter play at the park. His pain increased last night and he was unable to walk comfortably; this morning he continues to have significant pain with walking and identifies the knee area as the source.

For his safety, I am keeping him home from school today.

Probably needs to go to urgent care.

Please send me the urgent care that accepted his insurance or a recommended urgent care.

Please send any insurance information or I can bring him to you.

Please let me know what you want to do
