Dear Jamie,

This is Eric Jones regarding Case #25PDRO01741. Following our conversation yesterday, I have executed a Dual-Track payment strategy to ensure the $50.00 service fee is perfected immediately so the deputy can serve Margie Sayegh before the January 12 hearing.

1. USPS BACKUP: I have dispatched a $50.00 Postal Money Order via the Crestline USPS. Due to mountain logistics and pickup cutoffs, this was sent via Priority service. Photos of the money order and receipt are attached for your immediate verification.

2. IMMEDIATE CASH DELIVERY: To bypass mail latency, my local representative, Nuha Sayegh, is arriving at your counter at 4095 Lemon St tomorrow morning, Wednesday, Jan 7, between 9:00 AM and 10:00 AM PT to pay the $50.00 fee in CASH.

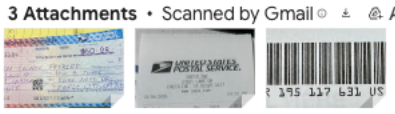

ACTION REQUESTED: Please accept the cash payment from Nuha and immediately release the service packet to the deputy for personal service. Please do not wait for the physical money order to arrive by mail to initiate service, as the January 12 deadline is critical for the safety of the minor children involved.

Respectfully,

Eric B. Jones, MSW
