Hello SaraI know you are expecting.

(I am preparing everything that you've asked for.
You will have it by either late tonight or tomorrow. I just want to make sure it's perfect. But for the meantime, here's this.)

I hope this email finds you well. I am writing to provide strategic briefing following the activation of our attorney-client relationship and the completion of comprehensive evidence analysis for our November 19, 2025 hearing.

Eric Jones, my Chief Domestic Violence Advocate, has completed analysis of 76 files obtained through discovery, revealing three significant pieces of evidence that create opportunities for strategic motions:

Criminal Prosecution Blueprint (September 29, 2025)

Evidence shows Freddy's self-email planning criminal charges against me, including allegations that my cancer diagnosis was fraudulent to obtain money.

Direct quote: "Defrauding Another of Property by False Pretenses (PC §532) – Her cancer hoax to obtain money and property. Damages You Could Claim: Economic... money fraudulently taken ($100k+)"

This suggests we should consider criminal defense counsel consultation and protective order options.

Asset Dissipation During Proceedings (October 16-30, 2025)

Evidence shows Alta Design Works LLC actively negotiating payments after divorce filing, without court disclosure.

Direct quote: "Payment to Alta needs to be at phase 2. Also the concern of 'what if GCs pay alta and then later... the GCs are screwed since they paid out already"

This creates potential grounds for asset freeze motions and FL-142 accuracy review.

Property Documentation Issues ($704,000 Lien)

Evidence shows father's lien with no payment history over 13 years, with promissory note reportedly destroyed in fire.

Direct quote: "Father's lien: $460,000 at 4% simple interest from 7/20/2012, NO PAYMENTS, payoff ≈ $704,493... The promissory note itself was in the house at the time of the Altadena fire and was among the documents destroyed"

This warrants review of property characterization and authentication requirements.

Meeting Request

I would appreciate scheduling a meeting this week to review the evidence package and discuss our approach for the November 19 hearing. Eric indicates the key strategic points can be covered in about 30 minutes, with detailed materials available for comprehensive review.

My availability: Opened mornings early afternoon

The analysis suggests we have strong positioning for both settlement negotiations and trial preparation. All materials maintain proper attorney-client privilege and work product protection.

Thank you and I look forward to working together on this matter.

Respectfully,
