Hi Jonathan,

Thanks again for the call. To move cleanly, please reply confirming the **exact doc checklist** and **format** you need (PDFs only, full statements, etc.) and your **review timeline** once a complete packet hits your inbox.

We'll deliver one **complete, instruction-compliant PDF packet** (no screenshots) as you requested. Please also confirm that, given Nuha's income and liquidity, you can **underwrite without a guarantor**, unless ownership mandates it.

As we're finalizing Nuha's packet precisely per your instructions (single PDF). If possible, may we place a **soft hold** on 5805 Encinita today pending delivery? We understand approval is contingent on your final review.

Thank you,

Eric
