Hello Kirk how are you? There has been some updates regarding custody let's just say that had shifted elsewhere but do you mind telling me for what reason did you need this information?
Not trying to be rude I'm just really trying to watch my back because I just can't trust anyone especially as if lately I completely cut Eric

A Kirk every time I pick my kids up very quiet very confused and a very bad mood and it takes a couple hours to break through to them and then they start asking all these personal private questions and bottom line. Their dad just fills up their head every time, and I wish I said it to the judge Right away, but it had slipped my mind, of course
Also, did you get the bank statements I sent you? I'm waiting on my aunt to get back to me. She's wealthy. She lives in Arizona to see if she can pay her help me pay the rest of the retainer.
When I had promised and agreed, Eric had promised and was willing to help me out, especially because he

from my 13-year-old this morning just for gas.
I meant it when I said I'd pay your full retainer, but I can't do it right now. Eric promised to help with attorney fees and hasn't come through, so I'm on my own. I'm removing him from my life
He may be money hungry. I don't know
Haven't stopped crying. Can't trust anyone anymore. I don't want you working when I can't pay you. I'll probably have to represent myself. I can call when I drop the kids off.

Did you submit the $5500 to the courts? When I said I ABSOLUTELY do not make that amount..
I do not have any income.
I don't have a job
I don't have SHIT
I have been doing nothing but putting out fires and protecting my babies!
Kirk submit that I don't have a job!! Because i DONT!
Eric was giving me money because I didn't have any money. Eric was giving me money to help me one day. I will have a position when my mind is at ease when I'm in the place of my own when my kids are happily in their bedrooms when I'm not constantly fighting
That man made so much problems for me

I expect professional emails and texts esp. with my staff.
If you want support, apend thoughtful time and complete the forms. If you have questions, schedule a call.

I told you I need you to fix what you've submitted without my knowledge and based on anything that was sent to you by an idiot Monday please send me proof that it is fixed. I will look for my last job. Don't forget papers are everywhere from here to the Sonoma house. I can probably get a copy from the valley Hunt club and Pasadena where I work about

No, this is all documented. It's years and years of you always having to put poison in our children's mind. I want you to be with your kids. I want the kids to be with you. That's all I want but in a healthy way.
It takes me a whole day to get my daughter Mia back down to earth because of how confused she is and how frustrated and how mostly this poor baby confused because of whatever questions you ask her or whatever insults you have about me her mother.
My son telling me that you tell him all the time that your mom belongs to a mental hospital. This is nothing new this is part of the reason why I do not want to be with you is because you're messing up my children you and the rest of the family. I want my kids to have a healthy mindset at all times she's 13. Don't you think she has enough issues going on in her own life??
So please, I'm begging you again now this is

can probably get a copy from the valley Hunt club and Pasadena where I work about a month and a half at and then I will sign whatever you want. I'm really really upset.

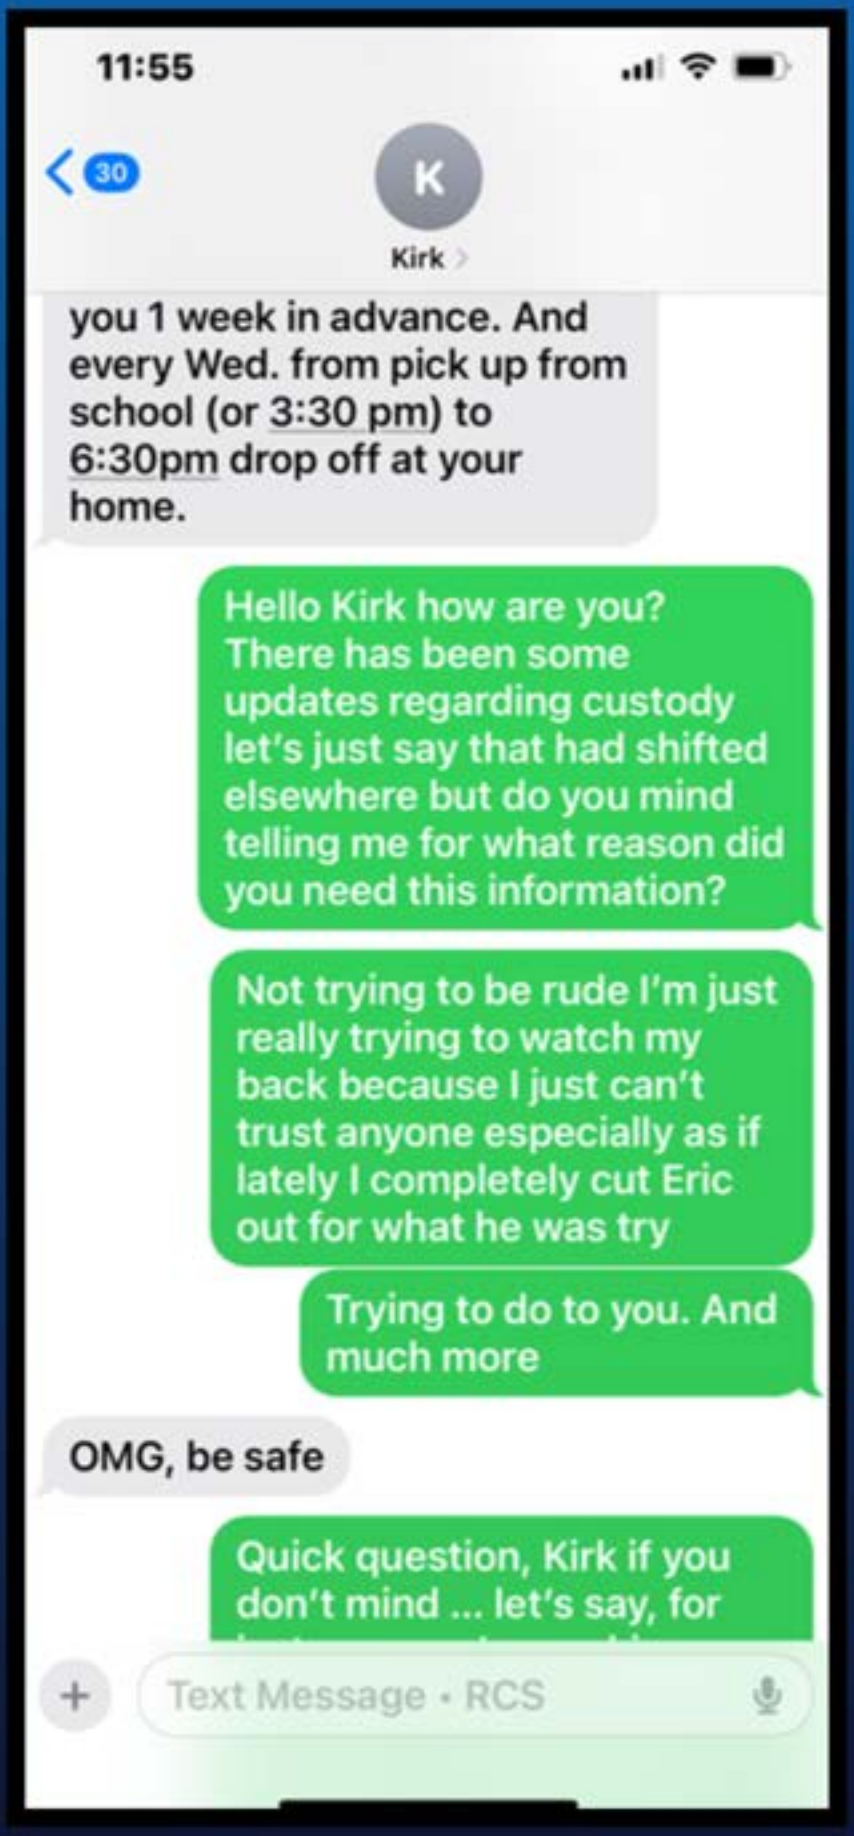

On my email I do have the W-4 that was submitted from last year. I'm just barely getting back to Temple city from my daughter's performance. I'm gonna spend quality time with the kids watch movies in bed and then once their dad picks them up I will do nothing but search for evidence that I did not work and when I did, I barely worked

Kirk this needs to end now the main reason why I am where I'm at today is so my children have a chance to not be poisoned and psychologically beaten down by the time they're 20 years old and not knowing who they are

I would not press send, but if you did that is fine.
